Our campers are surrounded by a spectacular Adirondack environment, with tremendous waterfront fun, sports, meaningful friendships and nurturing staff.

Q. Where is Long Lake Camp for the Arts and how do I get my children there?

New York State in the middle of the gorgeous Adirondack Park (Long Lake, NY 12847). We have busses coming from New York City, New Jersey, Westchester and Albany. We have campers fly into Albany international airport from all over the world and our most dedicated, long-time staff are there to receive them.

Q. How many campers and staff do you have each session?

Better than a 1:2 ratio, with 160 staff and 250 campers. Average age of our staff is 21-27. Ask yourself if you feel more comfortable with an 18-year old (like most other camps) or a 24-year old guiding your camper. They have degrees, experience working with children and are from all over the world. About 60% of our campers are from the East Coast; the rest come from all over America and the world.

Q. Why should we trust you - we just found you on the internet?

We have over 46 years of fun, safe summers and are accredited by the American Camping Association. The New York Health Department is the strictest in the country and they visit us unannounced three times a summer with inspections lasting 4 to 6 hours. All our staff undergo extensive background checks and references before being hired by us personally. We uphold the best camping practices and pride ourselves on running the safest camp possible. We have many references for you to call to hear from other parents and children, not just us. Long Lake is all we do and we spend all year making sure we are the best, most caring and responsive to our campers needs. All our department heads have been with us over 18 years and many of our staff are with us 3 or more years.

Q. Who looks after my child?

The owners live on camp as do the camp's directors; between the 4 of us we have over 100 years' experience at Long Lake. Every bunk has counselors living with the campers. We have 3 registered NY State nurses on call 24 hours a day and our camp doctor is only 5 minutes away. Our Unit Leaders (unique to Long Lake) are an extra layer of supervision and caring and they make sure our campers are happy. Unit Leaders ensure parents are kept well informed and that your child is safe, eating well, happy, making friends and getting everything they want from camp. Our department heads have 10 to 20 years of experience with us ensuring consistency and stability.

Q. Can my child call home?

Yes, your child will call you once a week as will our Unit Leaders. You are able to call to chat to your child or Unit Leader as well.

Q. Explain your price please?
